## National Fish Farmers' day observed

NAMSAL, July 11: National Fish Farmers' day was celebrated by the district fisheries department yesterday at Kumari Adivasi village under Lekang Circle with 45 progressive fish farmers participating in the program.

ADF Namsai, S K Jawal highlighted the importance of fish farmers' day and elaborated the different schemes under blue revolution and urged the farmers to adopt farming practices towards achieving aqua explosion. Addressing to the participants Senior Scientist KVK Namsai, Dr D Sasmal narrated the aspects of fish production technology and role in doubling farmer's income with integrated farming system.

Meanwhile DDA Namsai; K Social emphasized on the need to take up agri allied activities in larger scale as these have high potential to alleviate poverty and generate income. Speaking on the occasion, Ex panchayat leaders also urged the farmers to adopt latest technology of fish farming to enhance the yield. The program ended with an interaction between scientists and farmers where problems faced by the farmers and their prospective solutions were discussed.
